March 20, 2019

Dear Campus Community,

We are at the start of a ten-year journey—and fundamentally, this process is about growth, change and becoming. The “university” concept was born hundreds of years ago, and it was about the people. Our developing strategy, which we are calling YOUNiversity 2030, recognizes that each group -- faculty, staff, students, alumni and the community -- brings something different, unique and essential to this concept.

Even if you were not able to attend the Strategic Planning Town Hall on March 11, there is still opportunity to participate and engage. Here are some immediate next steps as we continue together on our journey:

Transcribed notes of the table discussions from each of the three Town Hall sessions are now posted [on our Strategic Plan website](#), along with a video of the event.

The input received during the Town Hall sessions from those visiting the strategic themes tables will be made available to the teams assembled to develop goals, objectives and key deliverables for each theme.

For those of you who signed up for these teams, we will begin scheduling those meetings in the next few weeks.

For those of you who did not attend a Town Hall session, but would still like to be involved in the strategic planning process, please use the [Strategic Themes Group Sign-Up Survey](#) to select and join a team.

Please stay tuned for additional updates on our progress by visiting [our Strategic Plan website](#).

Thank you for being a part of this shared journey; your success is our success.

Respectfully,

Venkat Reddy
Chancellor
