**DISTRIBUTED VIA EMAIL**

February 11, 2019

Dear Faculty and Staff:

During the Discovery phase of our 2020-2030 strategic plan process, JERA Partnerships met with groups of faculty, staff, students and administrators to gather ideas and seek recurring themes. As mentioned in my December 5 Strategic Plan campus update email, the Discovery transcripts would be made available once complete. The input received is now available on our Strategic Plan website.

The Chancellor's cabinet, working with the Deans, took this input and crafted seven draft themes. These themes build on our core values. We anticipate many areas will fit nicely under these themes in the form of goals. This spring, we will work with the campus to shape more specific goals and strategies. Before starting that process, however, we want your feedback on whether these themes successfully capture where UCCS needs to focus over the next decade. We are planning a Town Hall on March 11, 2019; more details to come. Please plan on participating.

Please take a brief survey examining our draft themes. Your input by Wednesday, February 20 is greatly appreciated.

Respectfully,

Venkat Reddy  
Chancellor
